### EXPLANATORY NOTE

This bill seeks to mandate all electric, cable and telecommunications companies to conduct periodic inspections of their respective utility line installations to ensure strict compliance with the standards and regulations provided under the Philippine Electrical Code.

The Philippine Electrical Code has been approved and adopted by the Board of Electrical Engineering of the Professional Regulation Commission by virtue of its mandate under Republic Act No. 7920, also known as the "*New Electrical Engineering Law*." The Philippine Electrical Code serves as the basis in the installation of electrical system designs in the country.

Electric, cable and telecommunications companies already existing in the country such as MERALCO, PLDT, Bayantel, Skycable, observe and use the provisions of the Philippine Electrical Code in the installation of their utility lines. For instance, overhead power lines have strict guidelines for height clearances over streets, sidewalks, alleys, roads and driveways for the safety of the public. However, through the passage of time, in the absence of regular inspection and monitoring, the sagging of these wires and cables may happen which endangers the lives of people.

It is for this reason that this measure is proposed to mandate all electric, cable and telecommunications companies to conduct periodic inspections of their respective utility line installation and for the government agencies exercising jurisdiction over these installations to monitor the height clearance requirements for the safety of the public.

In view of the foregoing, approval of this bill is earnestly recommended.

**AN ACT**  
**MANDATING ALL ELECTRIC, CABLE AND**  
**TELECOMMUNICATIONS COMPANIES TO CONDUCT**  
**PERIODIC INSPECTIONS OF THEIR RESPECTIVE**  
**UTILITY LINE INSTALLATIONS TO ENSURE STRICT**  
**COMPLIANCE WITH THE STANDARDS AND**  
**REGULATIONS PROVIDED UNDER THE PHILIPPINE**  
**ELECTRICAL CODE**

*Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:*

SECTION 1. All electric, cable and telecommunications companies shall conduct periodic inspections of their respective utility line installations to ensure strict compliance with the standards and regulations provided under the Philippine Electrical Code, as approved and adopted by the Board of Electrical Engineering of the Professional Regulation Commission pursuant to the mandate vested upon the Board under Republic Act No. 7920, also known as the "*New Electrical Engineering Law.*"

SEC. 2. Any person may file a complaint against the electric, cable and telecommunications company which violates the standards and regulations

provided under the Philippine Electrical Code before the court of competent jurisdiction. An administrative complaint under the Local Government Code, may likewise be filed by any person against the provincial, city or municipal engineer who fails to monitor the compliance of electric, cable and telecommunications companies with the standards and regulations provided under the Philippine Electrical Code.

SEC. 2. The electric, cable or telecommunications company which fails to conform with the standards of the Philippine Electrical Code shall be punished with a fine of not less than Ten thousand pesos (P10,000.00) but not more than Fifty thousand pesos (P50,000.00) for the first offense; a fine of not less than Fifty thousand pesos (P50,000.00) but not more than One hundred thousand pesos (P100,000.00) for the second offense; and a fine of not less than One hundred thousand pesos (P100,000.00) but not more than Two hundred thousand pesos (P200,000.00) for the third and subsequent offenses.

SEC 3. The Department of Public Works and Highways, in coordination and consultation with the Department of Transportation and Communications, and the Board of Electrical Engineering, shall issue the necessary rules and regulations for the effective implementation of this Act.

SEC 4. All laws, decrees, executive orders, rules and regulations, or parts thereof inconsistent with the provisions of this Act are hereby repealed, amended or modified accordingly.

SEC 5. This Act shall take effect fifteen (15) days after its publication in the *Official Gazette* or in a national newspaper of general circulation.

Approved,
