#### EXPLANATORY NOTE

Art. XIV Sec. 4(1) of the Constitution mandates the State to exercise reasonable supervision and regulation of all educational institutions. Included in this mandate is the State's responsibility to ensure a safe and secure environment for students to pursue their studies within these institutions without fear for their physical well-being.

There has been a steady increase in the crime rate in campuses all over the country. It is necessary for both students, their parents and/or their guardians to have access to information with regard to campus crime statistics, as well as crime prevention plans in these campuses to equip them in making an informed choice as to which school to send their children.

At the same time, students currently enrolled in their respective universities need to know the measures undertaken by their institution, as well as courses of action in cases of emergency to guarantee security and expedient assistance, if need be.

In view of the foregoing, early and immediate passage of this bill is earnestly sought.
