

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SEVENTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 682

Introduced by HON. SANDRA Y. ERIGUEL, M.D.

EXPLANATORY NOTE

This Bill, which was previously filed in the 15th and 16th Congress, seeks to convert the Rosario–Tubao Road in the Province of La Union into a national road.

The Second District of La Union is the gateway to the North. Many residents, visitors, entrepreneurs and most especially the farmers prefer to travel by land to reach the Ilocos region and Baguio City. Farmers especially need roads that are in good condition to take their produce to the markets in a fast and efficient manner. However, some provincial roads are not properly maintained mainly due to lack of funds. The deplorable condition of some of these roads poses a hazard to the public and a hindrance to the growth of the area.

It is thus imperative that the government provide roads that are in tip-top condition to afford convenient, quick and safe travel for all. This will definitely boost the economy of the District and accessibility to the rest of the Province.

What would further enhance the productivity of the region would be the nationalization of some of its roads. Doing so would improve the economic activities of the area and businesses could continue even during inclement weather and at times when other roads are damaged.

This bill then seeks to convert the Rosario–Tubao road into a national road. The problems aforementioned will be resolved with this conversion as support will be

available from the national government and through funds allocated for congressional districts.

In view of the foregoing, the passage of this Bill is earnestly sought.
