SEVENTEENTH CONGRESS

First Regular Session

HOUSE BILL NO. 689

INTRODUCED BY REPRESENTATIVE XAVIER JESUS D. ROMUALDO

EXPLANATORY NOTE

Paragraph 3 of Presidential Decree No. 9, as amended by Batas Pambansa (BP) Blg. 6 provides:

It is unlawful to carry outside of one's residence any bladed, pointed or blunt weapon such as "knife", "spear", "pana", "dagger", "bolo", "barong", "kris", or "chako", except where such articles are being used as necessary tools or implements to earn a livelihood or in pursuit of a lawful activity. Any person found guilty thereof shall suffer the penalty of imprisonment of not less than one month nor more than one year or a fine of not less than Two Hundred Pesos nor more than Two Thousand Pesos, or both such imprisonment and fine as the Court may direct.

A weapon or dangerous article carried in public, even when it is concealed or not intended to be used, constitutes a threat to public order and safety. The possession of offensive weapons or bladed or pointed articles fosters violence, may lead to injury and even death, and facilitates the commission of crimes. Even if these objects are possessed or carried merely for displaying machismo or bravado or with the belief that they may be used for self-defense, experience has shown that in moments of rashness, irritation, anger, hostility, antagonism, real or perceived insult, drunkenness, or utterly trivial occurrences, such as the giving of a look, these objects are brought out and wielded and violence and the commission of serious offenses would follow.

BP Blg. 6 was enacted over 38 years ago. There is a need to update our law on the possession of offensive or deadly weapons and articles to enable the State to better fulfill its obligation to protect and keep the people safe and prevent crime.

Under this bill, the possession of offensive weapons (any object made or adapted to cause injury or possessed with the intent to cause injury) and bladed or pointed articles (any object that has a blade or is sharply pointed and not manufactured or made primarily to be used as a weapon or to cause injury) in public places without a legitimate purpose or lawful authority are penalized with imprisonment and a fine.

Increased penalties are provided for where such objects are unlawfully possessed in places where many people tend to be present or gather, specifically schools, healthcare facilities, government offices or facilities, ports, airports, bus stations or stops, railway stations, on board public transportation, or at public demonstrations.

Where an unlawfully possessed offensive weapon or bladed or pointed article is used in the commission of a crime, the offender will remain liable for the unlawful possession; in effect, he/she will be criminally liable for both the crime committed and the unlawful possession of the weapon or article used in the crime. Furthermore, the penalty for the unlawful possession will be imposed in the maximum period and amount.

To ensure that people will effectively be deterred from possessing offensive weapons and bladed or pointed articles in public, probation will not be available for those convicted under this proposed law. Also, considering that the dangerous quality of an offensive weapon or bladed or

pointed article would undoubtedly be known or obvious to a minor above 15 years of age, such a minor will be presumed to have acted with discernment if he/she unlawfully possesses an offensive weapon or a bladed or pointed article.

If this bill is enacted into law, it is believed that it will significantly contribute to the prevention and reduction of crime and the development of safer and more peaceful communities.

In view of all the foregoing, the support of the Members of Congress for the prompt and timely passage of this measure is earnestly sought.
