HOUSE OF THE REPRESENTATIVES

SEVENTEENTH CONGRESS
First Regular Session

HOUSE BILL No. 810

Introduced by HON. RODEL M. BATOCABE, HON. ALFREDO A. GARBIN, Jr. and
HON. CHRISTOPHER S. CO

EXPLANATORY NOTE

This bill seeks to mandate all public and private elementary and high schools to implement a Culture and Gender Sensitivity Program in their respective institutions to instill the said values among students at an early stage.

Globalization has paved the way for cross culturalism in the Philippines and all over the world. Many private companies and business opt for a multi-cultural environment where different cultures and nationalities interact to create a symbiotic and creative work force. Naturally, in this environment, there will be conflicts among people because of cultural differences and the variety of backgrounds.

Moreover, even with a very strong campaign against gender discrimination, gender stereotyping and the traditional thinking of biological determinism, a theory that biological differences between women and men dictate a difference in social roles and personality, are still rampant among Filipinos. Women are still viewed as limited in terms of capabilities and capacities, and are therefore shunned out in many professions; thereby lessening employment opportunities.

Because of this, there is a need to raise consciousness among Filipinos to be more culture and gender sensitive, and it needs to start at the crucial and early stages of education.

The bill was filed in the 15th Congress but for lack of time, its progress was halted at the committee level. In light of all these circumstances, the swift passage of this bill is earnestly sought.
