EXPLANATORY NOTE

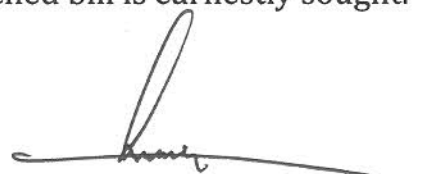

This bill seeks to convert Dalagang-Bukid Street located in the City of Navotas into a national road.

The City of Navotas' progress as a port city, has led the way for said City to become a dynamic force in trade and transportation, and consequently, experience a higher level of social and economic activities within its territory.

The furtherance of this growth requires good serviceable roads and basic infrastructure for the timely transport of goods and services, and more importantly, ensures the safety of the Navoteños from perils along the road as they perform their daily activities.

Making our roads better through the conversion of a major thoroughfare into a national road will reduce road accidents in Navotas and ensure public safety. It is for this reason that this humble representation asks this Honorable House to enact a law authorizing the conversion of Dalagang-Bukid Street into a national road.

In this context, approval of the attached bill is earnestly sought.
