EXPLANATORY NOTE

In 1994, Republic Act No. 7696 entitled, "*An Act Amending Certain Sections of Republic Act No. 6948, otherwise known as 'An Act Standardizing and Upgrading the Benefits for Military Veterans and their Dependents'*," was enacted to provide comprehensive benefits to war veterans, military retirees and their surviving spouses and dependents. Through the years, however, the national government was not able to fulfill its commitment to pay such benefits due to lack of government appropriation since the law did not identify the source of funding for the said pension.

In 2010, the government finally appropriated an amount of P170 million in the General Appropriations Act to settle the arrears to the veterans. However, said amount was not enough to cover the total government obligation which reached to P25 billion. The Department of National Defense and the Department of Budget and Management came out with a Joint Circular prioritizing the living/surviving World War II veterans in the payment of the said arrears. Therefore, a plan must be put in place in order to settle the remaining government obligations.

This bill, thus, seeks to utilize the proceeds from the development, lease, or other use of government properties for the payment of these arrears. In the process, the national government will accomplish its constitutional mandate of providing assistance to said beneficiaries without affecting the national budget.

This measure was filed by the Magdalo Party-List in the 16th Congress and was subsequently referred to the Committee on Veterans Affairs and Welfare.

In light of the foregoing, the urgent passage of this bill is earnestly requested.

HON. GARY C. ALEJANO
