SEVENTEENTH CONGRESS  
First Regular Session

House Bill No. 1131

---

Introduced by **MAGDALO Party-List Representative**

---

**Explanatory Note**

When the fourteen (14) marines who were the subject and honoree of Senate Resolution No. 5 perished in the line of duty last 10 July 2007, their families received well-deserved financial assistance from various sources. Although the same could never soothe the pain of losing a loved one, the same can certainly help in the difficult and uncertain times the families were bound to face after burying their beloved son, father of husband.

The undersigned notes, however, that several personnel of our military perish in battle while exercising their primary duty in preserving the peace, order, and security of the country yet the nation barely notice their sacrifices and worse, no financial assistance were extended to their families if not for the intervention of well-meaning individuals who bring to our attention their plight.

This Bill seeks to address the problem of the inequality and the discrepancy in the treatment, particularly in the benefits and/ or financial assistance received by the families, of members of the armed forces who perish or who are injured or wounded in the line of duty.

The members of the Armed Forces of the Philippines (AFP) are frequently called upon to put their lives and limbs in harm's way to protect our people, our freedom and our democratic institutions.

It is only fair that we look after and provide for the families of those who would lose their lives or would be injured in defense of our nation and our people. This is particularly important now that the conflict in Basilan and Sulu has assumed the proportion of a full scale war, with mounting casualties on both sides.

This measure was filed by the Magdalo Party-List in the 16th Congress and was subsequently referred to the Committee on National Defense and Security.

The immediate passage of this Bill is, therefore, respectfully sought.

  
HON. GARY C. ALEJANO
