### **EXPLANATORY NOTE**

Education is essential for everyone. It is the level of education that helps people earn respect and recognition. Education is an indispensable part of life both personally and socially. However, the unequal standard of education is still a major problem that needs to be solved.

When the people of a nation are educated, they would definitely carve ways to be self-sufficient. An economically independent society is the stepping stone to combined productivity that leads to economic growth of the nation.

The City of Valenzuela is one of the fast-growing economy and development site in the National Capital Region, its population grows, and therefore commensurate to the increase of population, a national high school in Barangay Bagbaguin must be created and pursued in order to culminate a viable educational program for the youth. Moreover, Barangay Bagbaguin is one of the populated Barangay in the second district of Valenzuela City therefore it needs a national high school.

As a result of the worthy purpose of this legislation, it is motivating that this bill creating Bagbaguin National High School in Valenzuela City be approved, with the support of my colleagues.

The approval of this bill is earnestly sought.
