EIGHTEENTH CONGRESS
OF THE REPUBLIC OF THE PHILIPPINES

First Regular Session

HOUSE OF REPRESENTATIVES

House Bill No. 60

Introduced by Representative Victor A. Yap

EXPLANATORY NOTE

Micro, small, and medium enterprises (MSMEs) make up 99.6 percent of all registered businesses in the Philippines. They employ over 60 percent of the working population, but account for just 35 percent of the country's gross domestic product or GDP.

The growth of MSMEs in the country is hampered by persistent challenges which include lack of access to markets, technology, and more importantly, to finance. MSMEs are unable to attain their full potential because of the difficulty to secure funds. Based on a World Bank report, 81 percent of Philippine enterprises relied mostly on internal funds such as their savings or earnings to finance investments.

Moreover, MSMEs find it difficult to avail of loans from formal lending institutions such as banks, cooperatives or micro-finance institutions due to high interest rate, and voluminous and stringent documentary requirements. Instead, they resort to borrowing from informal lenders or the so-called "5-6" who charge a nominal interest rate of 20 percent over an agreed period of time.

To address this, the government has launched the Pondo sa Pagbabago at Pag-asenso (P3) Program in 2017. Since then, the government has allocated at least P1 billion to fund such financing initiative to assist micro entrepreneurs throughout the country by providing affordable and cost-efficient micro loans.

There is a need to institutionalize, through law, this P3 Program as an alternative funding program for micro entrepreneurs that is easy and quick to access. It also aims to prevent micro entrepreneurs from falling victims from usurious "5-6" lenders.

This bill aims to ensure the sustained implementation of this program so that more micro entrepreneurs including, market vendors, sari-sari store owners, stall owners would benefit. We must prioritize the poorest provinces in the country to reach more entrepreneurs in the countryside and help spur economic activity and generate gainful employment in the rural areas.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
