AN ACT STRENGTHENING THE NATIONAL ELECTRIFICATION ADMINISTRATION BY CONVERTING IT INTO THE NATIONAL ELECTRIFICATION AUTHORITY, DEFINING AND ENHANCING ITS POWERS, FUNCTIONS AND OPERATIONS TO ACHIEVE THE GOVERNMENT'S POLICY FOR TOTAL RURAL ELECTRIFICATION, PROVIDING FUNDS THEREFOR, AND FOR OTHER PURPOSES

EXPLANATORY NOTE

The social and economic development in the countryside and/or sustainable rural development through total electrification of the country is the ultimate objective of the government since the creation of NATIONAL ELECTRIFICATION ADMINISTRATION by the issuance of Presidential Decree 269. Further amending said issuance through the other Presidential issuances and legislative enactments saw the commitment of NEA towards achieving its mandate through the Electric Cooperatives.

Turn of events however witnessed the need to further equip and revolutionize the Agency in order to withstand the challenges in fast-tracking and/or accelerating the energization of the countryside thereby realizing rural development and nation-building.
There is an urgent need to consolidate and augment the current legislations governing the NEA and the electric cooperatives if only to attain the government's objectives.

This bill seeks to institutionalize the processes and operations of the NEA and the electric cooperatives with definite and autonomous system of sustainability and performance of its functions and responsibilities in the current field of rural electrification and socio-economic development.

Empowering back NEA in the grant, alteration/amendment/ modification of the franchises of electric cooperatives is designed for purposes of convenience of the cooperatives concerned whether status are stock or non-stock but being service oriented, cooperatives should be afforded the immediate relief for its problem of corporate restructuring to continuously go along with the current trend of the power industry being the government partner on rural electrification and development.

The passage of the bill is earnestly sought.
