House Bill No. 669

EXPLANATORY NOTE

Barangay officials are deemed persons in authority in their respective barangays and are mandated to maintain public order and ensure the protection of life, liberty and property in their jurisdictions. Their functions cut across the executive, legislative and judicial branches of government. As the basic political unit, the barangay serves as the primary planning and implementing unit of government programs. However, despite the functions and responsibilities imposed on these officials, they are among the least paid public servants, and are not entitled to the regular benefits afforded to regular government employees.

Barangay captains used to receive a measly sum of One Thousand Pesos (P1,000.00), while council members, secretaries, treasurers used to receive an amount of Six Hundred Pesos (P600.00) only. Noting this deplorable situation, the Department of Budget and Management in 1996 fixed the compensation of these barangay officials, specifically a Salary Grade 14 compensation for barangay captains, and Salary Grade 10 for the rest. Payments at these new rates, however, are subject to the availability of funds of the local government unit concerned. As such, their compensation is subject to the whims and caprices of those in power.

Given the enormity of their responsibilities and functions, as well as the services they render to the barangay which embrace all three branches of government, it is only just and right that these officials are treated as regular government employees.

Indeed, the important role of barangays in nation-building necessitates that we recognize the services of its officials by adopting measures in promoting their welfare. Thus, it is proposed in this Act that the Punong Barangay, Sangguniang Barangay members, Barangay Secretary, and the Barangay Treasurer be given fixed salaries and regular benefits.

Immediate passing of this bill is therefore earnestly sought.
