A postpaid suspension scheme (temporary disconnection) has a clear beginning and end date. This suspension fee currently is being charge exclusive of the monthly service fees (MSF). Even after the suspension has been lifted, it still incurs additional charges for the account holder.

The Statement of Account (SOA) itself is an important component of the services, which acts as an envoy of the service provider and serves an evidence of the services and payments.

This House Bill seeks to safeguard the interests and general welfare of the consumer-subscriber, to establish fair standards of conduct for all business and industry.

Towards this end, the State shall implement measures to achieve these noble objectives.

Thus, the early passage of this bill is earnestly requested.
