**HOUSE BILL NO. 1182**  

**Introduced by Representatives Michael L. Romero and Enrico A. Pineda**  

---

**EXPLANATORY NOTE**

It is imperative that the state shall prioritize and implement the mandates of the Department of Information and Communications Technology (DICT):

I. Policy and Planning

(1) Formulate, recommend and implement national policies, plans, programs and guidelines that will promote the development and use of ICT with due consideration to the advantages of convergence and emerging technologies;

(2) Formulate policies and initiatives, in coordination with the Department of Education (DepED), the Commission on Higher Education (CHED), and the Technical Education and Skills Development Authority (TESDA), to develop and promote ICT in education consistent with the national goals and objectives, and responsive to the human resource needs of the ICT and ICT-ES sectors;

(3) Provide an integrated framework in order to optimize all government ICT resources and networks for the identification and prioritization of all E-Government systems and applications as provided for in the E-Government Masterplan and the Philippine Development Plan (PDP);

II. Improved Public Access
(4) Prescribe rules and regulations for the establishment, operation and maintenance of ICT infrastructures in unserved and underserved areas, in consultation with the local government units (LGUs), civil society organizations (CSOs), private sector, and the academe;

(5) Establish a free internet service that can be accessed in government offices and public areas using the most cost-effective telecommunications technology, through partnership with private service providers as may be necessary;

III. Resource-Sharing and Capacity-Building

(6) Harmonize and coordinate all national ICT plans and initiatives to ensure knowledge, information and resource-sharing, database-building and agency networking linkages among government agencies, consistent with E-Government objectives in particular, and national objectives in general;

(7) Ensure the development and protection of integrated government ICT infrastructures and designs, taking into consideration the inventory of existing manpower, plans, programs, software, hardware, and installed systems;

(8) Assist and provide technical expertise to government agencies in the development of guidelines in the enforcement and administration of laws, standards, rules, and regulations governing ICT;

(9) Assess, review and support ICT research and development programs of the government in coordination with the Department of Science and Technology (DOST) and other institutions concerned;

(10) Prescribe the personnel qualifications and other qualification standards essential to the effective development and operation of government ICT infrastructures and systems;

(11) Develop programs that would enhance the career advancement opportunities of ICT workers in government;

(12) Assist in the dissemination of vital information essential to disaster risk reduction through the use of ICT:
(13) Represent and negotiate for Philippine interest on matters pertaining to ICT in international bodies, in coordination with the Department of Foreign Affairs (DFA) and other institutions concerned;

IV. Consumer Protection and Industry Development

(14) Ensure and protect the rights and welfare of consumers and business users to privacy, security and confidentiality in matters relating to ICT, in coordination with agencies concerned, the private sector and relevant international bodies;

(15) Support the promotion of trade and investment opportunities in the ICT and ICT-ES sectors, in coordination with the Department of Trade and Industry (DTI) and other relevant government agencies and the private sector;

(16) Establish guidelines for public-private partnerships in the implementation of ICT projects for government agencies; and

(17) Promote strategic partnerships and alliances between and among local and international ICT, research and development, educational and training institutions, to speed up industry growth and enhance competitiveness of Philippine workers, firms, and small and medium enterprises in the global markets for ICT and ICT-ES.

This House Bill seeks to provide additional organizational and operational funding to promote the imposition and implementation of laws, policies, plans, programs, projects, rules and regulations of the DICT; and to provide efficient and effective services to the Filipino people.

Thus, the early passage of this bill is earnestly requested.
