Republic of the Philippines
HOUSEx OF REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 1281

Introduced by HONORABLE LUIS RAYMUND F. VILLAFUERTE, JR.

EXPLANATORY NOTE

The fiscal and monetary policies of the nation hold a great bearing to the country's economy. For instance, state policy on the Peso's value, exports, imports, and tariffs affect market forces and the government's expenditures. The operations of the private sector are heavily reliant on market forces in predicting its purchase of resources and handling of transactions.

In view of this responsibility, the Department of Finance (DOF) and the Bangko Sentra/ ng Pilipinas (BSP) deliver reports to Congress as part of the Development Budget Coordination Committee during the regular deliberation of the annual government budget. However, these reports do not offer a larger view of the Philippine economy, seeing it as restricted to planning and analyzing the annual budget. Hence, there is a gaping oversight in government towards proper fiscal management not only for the state but also for the private economy. As highlighted in Article II Section 20 of the 1987 Constitution, "the State recognizes the indispensable role of the private sector, encourages private enterprise, and provides incentives to needed investments."

Further accountability is also expected of the government in accordance with Article II Section 28 of the 1987 Constitution: "Subject to reasonable conditions prescribed by law, the State adopts and implements a policy of full public disclosure of all its transactions involving public interest." In the interest of better monetary policies, transparency and public interest, the DOF and BSP must be made accountable beyond the government's budgetary needs. Hence, it is the intent of this bill to rectify that.

This bill seeks to require secretaries of the DOF, Department of Budget and Management (DBM), National Economic and Development Authority (NEDA), and BSP to report to Congress bi-annually on the state and direction of the government's fiscal and monetary policies, economic developments, and prospects for the future.

In view of the foregoing, immediate passage of this bill earnestly sought.

LUI S RAYMUND F. VILLAFUERTE, JR.
