EXPLANATORY NOTE

This measure seeks to institutionalize a mandatory Reserve Officers’ Military Education and Training Service (ROMETS) course for all Filipino college students, amending for the purpose the provisions of Republic Act 9163 or the National Service Training Program (NSTP) Act of 2001 and strengthening the Citizen Armed Force or Reserve Force in Republic Act No. 7077, also known as the Citizen Armed Forces of the Philippines Reservists Act.

Section 4, Article II of the 1987 Philippine Constitution provides:

“Section 4. The prime duty of the Government is to serve and protect the people. The Government may call upon the people to defend the State and, in the fulfillment thereof, all citizens may be required, under conditions provided by law, to render personal, military or civil service.”

However, with the enactment of Republic Act 9163, (National Service Training Program of 2001), this constitutional provision has been consigned to, more or less, oblivion as it had been very difficult to require able bodied Filipino male to undergo military education and training services, thereby putting to naught the rationale of the Citizen Armed Force enshrined in the Philippines Reservists Act.

Statistically, most college students under the NSTP prefer the other forms of civic course over the Reserve Officers Training Corps (ROTC), thus making it unimaginable for our country not to have sufficient reserve officers and manpower to call, to render military services when warranted by national exigencies, whether as a response to any national security threat or national emergency.

With the passage of this bill, it will give flesh and blood to the national policy envisioned by Section 4, Article II of the 1987 Constitution and that of the Philippine Reservists Act which provides for the organization, training, development and maintenance
of a Citizen Armed Force, to ensure their readiness to immediately respond to the call to service in times of war, invasion or rebellion.

Presently, this constitutional provision has never been more truthfully a necessity and timely in light of recent events wherein the Philippines is most imminent duty-bound to defend its territory over incursions of world and regional powers.

In view of the importance of this matter, we urgently ask for the passage of this bill.
