AN ACT
PROVIDING FOR THE MAGNA CARTA OF THE
OUT-OF-SCHOOL YOUTH

Explanatory Note

The Philippine Out-of-School-Youths continue to remain high despite several efforts of the national government. Official statistics generated by the Philippine Statistics Authority (PSA) indicate that one of every ten Filipino youths aged 6 to 24 are counted among the OSY population.

Although the conduct of programs for OSY needs are important, it is evident that these existing public-sector-led strategies and interventions that are designed to reduce the Filipino OSY population are often deployed without adequate coordination and foresight. Thus, there is an urgent need to institutionalize an inter-agency framework capable of coordinating, rationalizing and maximizing the impact of short-term, medium-term, and long-term interventions. These interventions must not only concentrate on reducing the number of OSYs but should be able to address the symptoms and effects of the OSY issue, and strengthen their capacity to acquire mid-level and high-level proficiencies in emerging high-value knowledge-based industries. This is the salient feature of this measure.

The proposed Magna Carta for OSY seeks to provide a framework upon which aid can be deployed to youths forced out of the formal education system and institutionalizing interventions that shall target their cognitive, physical, emotional and social development.

For its effective implementation, the Advisory Council created under R.A. 8044 entitled the “Youth in Nation Building Act” shall plan, coordinate and monitor yearly work programs pursuant to the objectives of the Act
alongside the local Social Welfare and Development Officer of every Local Government Unit.

This bill has been filed by the undersigned during the 17th Congress and was passed on 3rd reading by the House of Representatives. Its Senate counterpart reached second reading.

Cognizant of these issues, it is proposed that the passage and approval of this legislation is earnestly sought, for the welfare and improvement of the quality of life of our OSY.
