CREATING THE BULACAN STATE UNIVERSITY SYSTEM, INTEGRATING MODERNIZATION, APPROPRIATING FUNDS THEREFOR, AND FOR OTHER PURPOSES  

EXEMPLARY NOTE  

Education is a very important key for the success and development of our country. According to the 1987 Constitution, the State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all. The State shall also maintain and support a complete, adequate and integrated system of education relevant to the needs of the people and society.  

The modernization of the Bulacan State University through an enabling legislation is a timely response to the ever-growing complexities of the modern times. The modernization program will help maintain and achieve high quality education and competent training ground that is responsive to the need of our society. The modernization program will also provide well-equipped facilities that will be used by the students of BSU for research and learning.  

This Bill is crucial for the development of education in the Province of Bulacan. It aims to provide young individuals to develop and improve their skillset through high quality yet affordable education for all. The modernization program will prepare the young generation to achieve their personal goals and train them to become globally competitive.
