EXPLANATORY NOTE

Republic Act No. 7227, otherwise known as the Bases Conversion Development Act of 1992, established the Subic Bay Freeport Zone (SBFZ) and Subic Special Economic Zone (SSEZ) as a self-sustaining, industrial, commercial, financial and investment center, and created the Subic Bay Metropolitan Authority (SBMA) as its operating and implementing arm.

R.A. No. 7227 envisioned the creation of these zones "to accelerate the sound and balanced conversion into alternative productive civilian uses" and "to enhance the benefits to be derived from said properties in order to promote the economic and social development of Central Luzon in particular and the country in general".

Twenty-Three (23) years after the passage of R.A. No. 7227, the authority and independence of SBMA remains to be fully realized. This is due in part to the overlapping authority and jurisdiction by other government agencies and instrumentalities like the Maritime Industry Authority (MARINA), Philippine Reclamation Authority (PRA), and Department of Environment and Natural Resources (DENR), among others.

This bill seeks to further amend\(^1\) R.A. No. 7227 by reaffirming and strengthening the powers of the Subic Bay Metropolitan Authority (SBMA) to attain its mandate as an industrial, commercial, financial and investment center that is self-sustaining and autonomous that will serve as a platform to further spur local and national development.

It is the intention of this bill to fine-tune R.A. 7227 to harness its own resources to maximize the full potential of the SBMA by amending specific provisions that are deemed no longer responsive with the current circumstances. After all, it is said that "our business and thinking must always stay up to date with the changes of the world" in creating an attractive investment climate.

It is in the premise of global competitiveness and economic growth and development that this bill is filed and its immediate passage earnestly sought.

\(^1\) Amended by R.A. No. 9400, March 20, 2007.
