

REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
First Regular Session

House Bill No. 2901

Introduced by **MAGDALO Party-List Representative**
HON. MANUEL DG. CABOCHAN III

EXPLANATORY NOTE

The Constitution provides that the State shall protect and promote the right of the people to health and instill health consciousness among them. Further, the State shall also adopt an integrated and comprehensive approach to health development with the end view of making essential health services available to all the people at affordable cost, giving priority to the needs of the underprivileged, the sick, the elderly, the disabled and the women and children.

Unfortunately, many of our countrymen cannot afford the cost of seeking medication. Most choose spending for their basic necessities first over their health. Many seek medical attention after their condition has gone worse. Some, sadly, die without even seeking medical help.

To make matters worse, some of the doctors leave our country to work abroad since it promises a higher salary than the ones being offered domestically. This worsens the shortage of healthcare workers thus lessening the access of our poor countrymen to basic health care services.

Hence, there is a need to give certain incentives to doctors to encourage them to stay practicing their profession in our country. This bill seeks to give tax credit to doctors who render pro bono services to indigents.

In view of the foregoing, immediate enactment of this measure is earnestly sought.
