EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 3239

Introduced by JANICE Z. SALIMBANGON

EXPLANATORY NOTE

This bill seeks for the creation of a special economic zone in the 4th District of Cebu Province. A special economic zone is a responsive tool in eradicating poverty. It is a venue where people can do business, constituents get employed, government income is generated and progress and development will be achieved. The existence of a special economic zone will undoubtedly redound to the benefit of the people in areas where they operate. Aside from giving the people the opportunity to earn a living, a special economic zone is a sound revenue generating measure for local government.

Of the entire province of Cebu, it is the 4th district that is best suited for the establishment of the said special economic zone. The district has all the economic factors and qualifications required of a viable economic zone. It has the widest stretch of flat land, a very rich land resource. It has a seaport in almost all of its component municipalities and city. It is likewise capable of producing literate, educated, and skilled workers.

The creation of a special economic development zone in the district is likewise a tool to decongest the growing population in the highly urbanized areas of Cebu. Highly urbanized areas in Cebu have already experienced severe and heavy traffic due to the migration of people in order to secure a better employment. With the creation of a special economic zone in the 4th District of Cebu, professionals and other qualified individuals living within the area and its neighboring municipalities would not anymore seek for employment elsewhere.

In view of the foregoing considerations, the immediate consideration and approval of this bill is highly recommended.
