House Bill No. 3246

Introduced by Representative Aurelio D. Gonzales, Jr.

Explanatory Note

Hailed as the Bagong Bayani, the Overseas Filipino Workers are indeed the new heroes of our society. They may not bear arms to fight foreign invaders, but they endure innumerable struggles and hardships while being miles away from their families, so that they could give them financial support and provide them with a better life. As noble as their intentions are, and despite the many stories of success some of our OFWs achieve, there are some cases unfortunately, where our heroes are exploited; being implicated in crimes they did not commit, being molested or abused by their foreign employers leading some of them to be imprisoned, or being deported back to our country with nothing in their pockets and trapped in debt or worse, returning to our Motherland void of life.

This bill seeks to stop such scenarios by creating a department specifically for them. Under this bill, all existing offices and agencies providing assistance to our Overseas Filipino Workers would be consolidated under a single Department. This endeavor seeks to provide a more comprehensive and synchronized services to our overseas workers that will not only aid them locally, but also in the international workforce.

As legislators and servants of our people, the responsibility to protect and care for some 2.3 million Overseas Filipino Workers rests on our shoulders. They continuously contribute a strong foundation in our growing economy by remitting 28.1 Billion US Dollars in 2017 alone. No excuses could be made to delay this much-needed help for our people. These fellow citizens are our heroes that should be fauded, respected and taken care of. If we do not act now, there will come a time that these heroes will eventually stop struggling, and that will be of much detriment to our nation whose hopes and dreams are now slowly achieving its realizations.

In the view of the foregoing, the passage of this bill is earnestly and urgently sought.
