House Bill No. 3343

Introduced by: Rep. Bernadette Herrera-Dy

AN ACT ESTABLISHING A NATIONWIDE CURFEW FOR BETTER CHILD SAFETY AND PROTECTION OF WELFARE OF PERSONS UNDER EIGHTEEN YEARS OLD

EXPLANATORY NOTE

It is provided in the 1987 Constitution that the "...state recognizes the role of the youth in nation -building and shall promote and protect their physical, spiritual, intellectual and social well-being. It shall inculcate in the youth patriotism and nationalism, and encourage their involvement in public and civic affairs." (Sec. 13, Art. II)

The same Constitution also provides that "The State shall defend the right of children to assistance, including proper care and nutrition, and special protection from all forms of neglect, abuse, cruelty, exploitation, and other conditions prejudicial to their development" (Par. 2, Sec. 3, Art. XV)

Along with the above mentioned constitutional provisions, the Philippines is also a state party to the United Nations Convention on the Rights of The Child, which establishes in Article 3 that, "In all actions concerning children, whether undertaken by public or private social welfare institutions, courts of law, administrative authorities or legislative bodies, the best interests of the child shall be a primary consideration.

Children below the age of 18 are vulnerable to abuse leading to exploitation, drug addiction, and the commission of criminal acts, as well as also being at the risk of committing criminal offenses themselves. This has resulted to an increasingly alarming rate of children who have gone missing for over 24 hours, children that are abused by syndicates and unscrupulous individuals, as well as have been involved in crimes concerning abduction, rape, abuse, and theft, murder, among others.

The bill seeks to mandate and strictly implement a set of hours during night time within which minors are prohibited from remaining outside of the home not only as a means of maintaining public order and safety and preventing the further rise in criminality but also in order to protect minors from potential threat that may arise in the remote environment which may be harmful or detrimental to their development.

In view of the foregoing, the approval of this bill is highly and earnestly recommended.
