HOUSE BILL No. 3362

 Introduced by HON. SOLOMON R. CHUNGALAO

EXPLANATORY NOTE

This bill seeks to declare “Bintacan Cave and Mt. Kitumman” in Barangay Tungnggod, Municipality of Lagawe, Province of Ifugao as an eco-tourism destination.

The historical “Bintacan Cave” is a cave located on the top part of Mt. Kitumman along the boundary of the Municipalities of Lagawe and Kiangan along side the legendary Ibulao River. It is believed by locals that during the 2nd World War, Mt. Kitumman served as the watch tower of the Japanese Imperial Army where they could have a bird’s eye view of distant places in order to monitor enemy activities. While based on Mt. Kitumman, they took refuge at the Bintacan Cave where they dwelled and stored military ammunitions. Today, historical debris from broken Japanese pots are still present on the vicinity of the cave together with the figure of a cobra snake carved out on the top ceiling of the cave entrance. On accessibility, said potential tourist spot is located along the national highway entering the Municipality of Lagawe which is along the road path going to the tourist destination towns of Banaue, Ifugao and Sagada, Mt. Province.

With this bill, “Bintacan Cave and Mt. Kitumman” will be recognized as a tourist spot that will attract tourists from Japan and the USA for its historical significance and a perfect add-on to the bucket list of tourists going to Banaue and Sagada. With its development, it will enhance eco-tourism in the Municipality of Lagawe and the Province of Ifugao as a whole that could play a vital role in boosting the capital town’s and the province’ local economy.

In view of the foregoing, approval of this bill is earnestly sought.

Sincerely,

SOLOMON R. CHUNGALAO
