EXPLANATORY NOTE

On May 23 2017, militants brought the hostilities to various locations around the City. The entire city was put on lockdown; power and communication lines were shutdown; numerous buildings, both public and private were set on fire; and several citizens and workers were abducted. The next morning, thousands of people fled from Marawi City.

After 5 months of clashes between the government forces and the militants, Marawi City is still in ruins. It has caused social, economic, and humanitarian crises. It has resulted in the massive displacement of people, the loss of hundreds of innocent lives, loss of livelihood, employment and investments, loss of homes, destruction of public infrastructures, and fear for safety amongst the residents.

This re-filed bill seeks to grant compensation to the displaced victims whose residential houses and commercial establishments were either lost or partially destroyed during the Marawi siege. The state therefore has the moral obligation to provide concrete solutions to the concerns of the victims in the long process of reconstruction, rehabilitation, and recovery from damages brought about by the Marawi siege. To this date, any humanitarian assistance so far granted to these individuals or families could compensate for the loss or damage of their residential houses and/or business establishments.

In consideration of all the foregoing, the immediate passage of this bill is earnestly sought.
