HOUSE BILL NO. 3696

Introduced by Rep. Precious Hipolito Castelo

EXPLANATORY NOTE

Senior citizens have contributed immensely to nation building. As long-time tax payers, they have given much to the State. In return, the State should also institute measures that look after their welfare. They should not be burdened unnecessarily by the challenges of day to day affairs and issues that could otherwise be taken care of by the government on their behalf. Senior Citizens, for the most part, are weak in physical constitution. Hence, there should be a very accessible venue/center in every barangay through which they are able to file their daily grievances, and which would take up the cudgels for them.

The immediate passage of this timely measure is most earnestly sought.
