Republic of the Philippines

HOUSE OF THE REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 3732

Introduced by Representative TYRONE D. AGABAS

EXPLANATORY NOTE

This bill which seeks to require the registration of all users of Subscriber Identity Module (SIM) cards has already been approved by the House of Representatives on its 3rd and final reading in the 17th Congress. However, it has not yet ripened into a law. On account of the multilateral significance of this bill, there is a need to refile the same to breathe life to its central purpose of protecting everyone’s right to life and property.

The State has always recognized the vital role of communication and information in nation-building. Communication is vital in our country’s development. The advent of modern technology, especially the use of SIM cards, which practically engulfed everyone’s daily activities has considerably affected every human being worldwide. However, this must not run unbridled. There is a need to regulate the use of SIM Cards to forestall its being used as convenient means to commit crimes. The lack of SIM cards’ sale and registration system has emboldened the commission of crimes.

The passage of this bill will pave way for the establishment of sale and registration system through mandatory registration of the identity and other related data of the SIM Card buyer. Moreover, the sellers will also be directed to maintain registry repository system of the names of all their subscribers’
data and information. Most importantly, this will help forestall the commission of crimes.

Thus, the early passage of this bill is earnestly requested.

EIGHTEENTH CONGRESS  
First Regular Session  

HOUSE BILL NO. 3732  

------------------------------------------  
Introduced by Representative TYRONE D. AGABAS  

------------------------------------------  
AN ACT  
REQUIRING THE REGISTRATION OF ALL USERS OF  
SUBSCRIBER IDENTITY MODULE CARDS  

Be it enacted by the Senate and House of Representative of the  
Philippines in Congress assembled:  

SECTION 1. Short Title. – This Act shall be known as the  
"Subscriber Identity Module (SIM) Card Registration Act."

SEC. 2. Declaration of Policy. – The state recognizes the  
vital role of information and communication  
technology in nation building. The introduction of modern  
telecommunications technology with the view of providing  
the widest information dissemination is greatly encouraged, but  
possession of the most modern technology carries with the view  
of providing the widest information dissemination is  
greatly encouraged, but possession of the most modern  
technology carries with it tremendous responsibility. Thus, a  
mechanism must be installed to maximize the benefits of  
modern telecommunications technology and to deter illegal or  
malicious utilization of the same that benefit only a few.  
Towards this end, the State shall require the registration of all  
user of subscriber identity module (SIM) cards.  

SEC. 3. Definition of Terms. – As used in this Act:
(a) *Direct seller* refers to a person, natural or juridical, who directly dispense or sells a SIM card to an end user;
(b) *End user* refers to any individual/subscriber who directly purchase a SIM card from a direct seller;
(c) *Postpaid subscription* refers to the subscription wherein service is 3 provided by virtue of a prior arrangement with a public telecommunications entity, and the end user thereof is billed at the end of the monthly billing cycle according to the use of the mobile service;
(d) *Prepaid subscription* refers to the subscription wherein credit is purchased in advance service use. The purchased credit is to pay for mobile phone services at the point the service is accessed or consumed. If there is no available credit, then access to the requested service is denied;
(e) *Public Telecommunications Entity* or *PTE* refers to any person, natural or juridical, government or private, engaged in the provision of telecommunications services to the public for compensation;
(f) *SIM* refers to the Subscriber Identity Module which is an embedded circuit that securely stores international mobile subscriber identity and related keys used to identify and authenticate subscribers on mobile devices, such as mobile phones and computers;
(g) *SIM card* refers to a removable card into which an electronic integrated circuit is embedded and is transferable between different mobile devices; and
(h) *SIM card* registration refers to the process of recording and verifying mobile phone number and personal information of a subscriber, by a PTE or other direct seller, including the subscriber's full name, date of birth, gender, and address.
SEC. 4. *Sale and Registration of SIM Cards.* – Every PTE or direct seller shall require the end user of a SIM card to present valid identification with photo to ascertain the latter’s identity. The PTE or direct seller shall further require the end user to accomplish and sign a control-numbered registration form issued by the respective PTE of the SIM card purchased. The registration form shall include an attestation by the end user that the person appearing before the direct seller is the same person who accomplished and signed the registration form and that the identification documents presented are valid and correct. Failure of an end user to comply with the requirements under this section shall be a ground for the PTE or direct seller to refuse the sale and issuance of a SIM card.

Except in case where the PTE is the direct seller, the accomplished registration form must be submitted by the direct seller to the concerned PTE within fifteen (15) days from the date of sale. Failure on the part of the direct seller to comply under this section shall constitute a violation of this Act.
