AN ACT
AMENDING REPUBLIC ACT NO. 8972, OTHERWISE KNOWN AS THE SOLO PARENTS’ WELFARE ACT OF 2010, PROVIDING FOR ADDITIONAL BENEFITS ON BASIC COMMODITIES, AND FOR OTHER PURPOSES

EXPLANATORY NOTE

Republic Act No. 8972, otherwise known as the Solo Parents’ Welfare Act, provides for the renumeration and privileges of a solo parent. Said law mandates the Department of Social Welfare and Development (DSWD) to assist solo parents through social development and welfare services such as livelihood development services, counseling services, parent effectiveness services, critical incidence stress debriefing and other special projects for individuals in need of protection.

Even with these privileges, double hardship still saddles solo parents. They perform parental duties single-handedly in the face of economic turmoil characterized by skyrocketing prices, poverty and massive unemployment. As such, there is a necessity to amend the existing law to address the financial concerns of solo parents amidst the economic difficulties that the country is experiencing.

Solo parents are considered one of the vulnerable sectors of society. Based on a World Health Organization-funded study by the Department of Health and the University of the Philippines-National Institute for Health, about 14 million Filipinos
are solo parents which is at least 14 to 15 percent of the country's total population. According to the Philippine Statistics Authority, about three (3) million household head without a spouse. The total cost to provide for a child/children from age 0 to 2 amounts to at least One Million Pesos, according to recent surveys. This amount is a burden for parents but is a greater burden for solo parents.

This bill aims to provide additional support and benefits to solo parents. Such benefits include:

1. Ten percent (10%) discount from all purchases of clothing and clothing materials for the child two (2) years from child birth;
2. Fifteen percent (15%) discount from all purchases of baby's milk, food, and food supplements;
3. Fifteen percent (15%) discount from all purchases of medicines and other medical supplements/supplies for the child; and
4. Basic personal exemption from individual income tax.

The enactment of this proposed measure will help alleviate the financial burden carried by solo parents by affording them additional remuneration. Through this, we are assessing the solo parents to be able to provide a better future for their children.

In view of the foregoing considerations, approval of this bill is earnestly sought.
