EXPLANATORY NOTE

This bill seeks to establish the Overseas Filipino Workers hospital that will protect the interest and well-being of our overseas workers. This bill has already been approved by the House of Representatives on its 3rd and final reading in the 17th Congress. Considering however the significance of this bill recognizing the welfare of the overseas Filipino workers, it is imperative that this bill be filed.

The State recognizes the indispensable role of the overseas contract workers to nation development. To this end, the Philippines has even ratified the UN Convention on the Rights of Migrants Workers and their Families in 1995. Republic Act 8042 was even passed to “institute the policies of overseas and establish a higher standard of protection and promotion of the welfare of migrant workers, their families and overseas Filipinos in distress.” Section 2 (c) of the said law amplified, “(w)hile recognizing the significant contribution of Filipino migrant workers to the national economy through their foreign exchange remittances, the State does not promote overseas employment as a means to sustain economic growth and achieve national development. The existence of the overseas employment program rests solely on the assurance that the dignity and fundamental human rights and freedom of the Filipino citizens shall not, at any time be compromised or violated. The State, therefore, shall continuously create local employment opportunities and promote the equitable distribution of wealth and the benefits of development.”

We are fully cognizant of the fact that a good number of our migrant workers, because of unfavorable working conditions abroad, come back to our country in destitute. Some of whom are even debilitated. It is thus necessary that their dignity and fundamental rights
to equitable distribution of wealth and benefits be secured. This can be assured with the establishment of a tertiary hospital that will cater to the needs of our migrant workers and their dependents.

In full recognition of the contributions of our migrant workers, the approval of this bill is earnestly sought.
