AN ACT
PROVIDING AN ASSISTANCE FOR OVERSEAS FILIPINO WORKERS IN
DISTRESS, BOTH DOCUMENTED AND UNDOCUMENTED, PROVIDING
FUNDS THEREFOR, AND FOR OTHER PURPOSES

EXPLANATORY NOTE

The 1987 Philippine Constitution provides that the State affirms labor as a primary
social economic force and it shall protect the rights of workers and promote their welfare.
According to the Philippine Statistics Authority (PSA), there are approximately 2.3
million Overseas Filipino Workers (OFWs) as of 2018 and just from April to September
2018, their total remittance sent was estimated at 235.9 Billion Pesos.

With this massive share in our economy, it is but just that the State protect and
promote the rights of the OFWs. And while it is true that the Legislative Department is
not remiss in its duty to champion the rights of OFWs through meaningful legislation,
additional safeguards are always welcome to keep up with the call of the times.

With this massive share in our economy, it is but just that the State protect and
promote the rights of the OFWs. As such, this bill seeks to establish a special fund in the
amount of One Billion Pesos (Php1,000,000,000.00) that will aid OFWs in distress. The
special fund shall be extended to OFWs for medical expenses; migration fees; legal
assistance; payment of blood money, when necessary; and for basic necessities of OFWs
caught in emergencies or those detained. Furthermore, this bill aims to cure the lack of
government aid given to our undocumented OFWs by including them in the coverage of
those who may avail of the special fund. After all, their Filipino citizenship and the rights
accompanying thereto are not lost by reason of their being undocumented in another
country. Moreover, undocumented OFWs' remittances form part of the aggregate OFWs'
contribution to our economy.
Labor, as used in our Constitution, is an all-encompassing term which necessarily includes local and overseas workers, legally documented or not.

Wherefore, passage of this bill is earnestly sought.
