AN ACT
ESTABLISHING THE AKLAN AIRPORT AUTHORITY TO ADMINISTER AND OPERATE THE KALIBO INTERNATIONAL AIRPORT AND THE CATICLAN AIRPORT, APPROPRIATING FUNDS THEREFOR, AND FOR OTHER PURPOSES

EXPLANATORY NOTE

Arguably one of the country's top tourist destination, Boracay attracted 619,934 tourists or 28% of the total number of tourists who visited the country in the first quarter of 2019. The figure is 12% higher around the same time in 2018 which proves that the Island of Boracay's allure greatly enthalls foreign and local tourists alike.

Despite the Island's stricter policies in accepting visitors, the volume of local and foreign tourists visiting Boracay is still huge. Rightly so, the government's rehabilitation initiative paved the way for the pouring in of tourists. Due to this, facilities of the Caticlan and Kalibo airports must be improved to allow for better services offered to tourists visiting Boracay. In the same manner, the influx of visitors in the Island is tantamount to greater investments generating jobs and giving wider economic opportunities for the people of Aklan.

In this light, this proposed measure seeks to establish the Aklan Airport Authority to oversee the effective, efficient and economical management and supervision of the two airports in the province of Aklan, namely the Caticlan Airport also known as Godofredo P. Ramos Airport, in the Municipality of Malay, and the Kalibo International Airport in the Municipality of Kalibo. In view of the foregoing, the passage of this bill is earnestly sought.

HON. TEODORICO "NONONG" T. HARESCO, JR.
Representative
2nd District, Province of Aklan

1 After Boracay's 6-month closure in 2018, the Department of Tourism has employed stricter measures on accommodation establishments, such as hotels and inns, as part of the government's efforts to maintain and rehabilitate the beauty of the Island.
EIGHTEENTH CONGRESS OF THE REPUBLIC OF THE PHILIPPINES
First Regular Session

H. B. No. 4176

Introduced by Representative TEODORICO "NONONG" T. HARESCO, JR.

AN ACT
