EXPLANATORY NOTE

The Technical Education and Skills Development Authority (TESDA) has recognized that the Province of Laguna has been considered in 2018 as the second most competitive province during the 6th Regional Competitiveness Summit. In order to sustain that competitiveness, a need for an additional training center is necessary to cater to those municipalities in the second, third, and fourth districts of the province.

In view of the abovementioned, this measure seeks to establish a Technical Education Skills and Development Authority – Laguna Lake Development Authority Provincial Training Center (TESDA-LLDA PTC) under the control of the Technical Education Skills and Development Authority (TESDA). It shall be located at Barangay Bangyas, Municipality of Calauan, Province of Laguna.

The specific targets of this program shall be the Out of School Youths (OYS), unemployed adults, learners who need skills upgrading and/or updating, housewives, marginalized groups, distressed OFWs, and other groups deemed qualified by TESDA. This aims to help these people get back to the mainstream economy as wage employees or as self-made entrepreneurs and be able to contribute as productive citizens of the country. The graduates of this program will serve as the source of manpower needed by industries and companies nearby.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
