Introducing by Honorable Michael L. Romero

EXPLANATORY NOTE

In July 2003, Republic Act No. 9296 enacted the Meat Inspection Code of the Philippines to toughen the country’s meat inspection system to assure safety and quality of meat and meat products for human consumption both in the domestic and international markets.

It is the state’s obligation as specified in the 1987 Philippine Constitution to foster the protection and promotion of the right to health of the people and protection of consumers from trade malpractices from substandard or hazardous products.

This House Bill seeks to provide stiffer penalties and sanctions, thereby complying with international standards and protecting the health, interest and safety of every consumer and his environment from the harmful effects of inaccurate or false measurements.

Thus, the early passage of this bill is earnestly requested.

MICHAEL L. ROMERO
AN ACT
