Eighteenth Congress
First Regular Session

House Bill No. 4513

Introduced By: Hon. Jericho Jonas B. Nograles

EXPLANATORY NOTE

The Republic of the Philippines, through the Council for the Welfare of Children (CWC), has been steadfast in its commitment to promote and protect the rights of children. This obligation is enshrined in the 1987 Constitution, the Presidential Decree No. 603 or the Child and Youth Welfare Code, and the United Nations Convention on the Rights of the Child (UN CRC).

Over the years, emerging issues have increased the vulnerability of children to all forms of harm, abuse, exploitation, and violence. Several policies, programs, and mechanisms have been formulated and implemented to address this. However, an enhanced integrated approach must be adopted to safeguard the welfare of children and ensure compliance to our laws and international commitments. Hence, the State uses the CWC as the authority on children's concerns, rights, and advocacy, to pursue this endeavor. Pursuant to Presidential Decree 603 and Executive Order No. 233, s. 1987, it is the focal inter-agency body for children. It is mandated to coordinate and monitor the implementation of policies, programs, and measures for children.

The UN Committee on the Rights of the Child (UN CRC) called on the Philippine government to strengthen CWC being the main coordinating body for children. It emphasized the need for CWC to have adequate human, financial, and technical resources to ensure its effective functioning. To support the Philippines' cause for, by, and with children, this Congress pursues its indubitable duty to create a more responsive and focused arm of the government that shall protect and promote the rights of children.
Hence, this bill seeks to abolish the Council for the Welfare of Children and create the Philippine Commission on Children (PCCh); and establish linkages with government agencies and non-government agencies and with the regional and local level through the Local Councils for the Protection of Children (LCPCs) at the barangay, municipal, city, and provincial levels and through the seventeen (17) Regional Committees/ SubCommittees on Children (RC/ SCCs).

In view of these, the immediate passage of this bill is earnestly sought.

________________________

AN ACT

DEFINING ITS POWERS, FUNCTIONS, AND RESPONSIBILITIES, AND
APPROPRIATING FUNDS THEREFOR AND FOR OTHER PURPOSES

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. Short Title. – This Act shall be known as the “Philippine Commission on Children Act of 2019”

SECTION 2. Declaration of Policy. – The child is one of the most important assets of the nation. Every effort shall be exerted by the State to promote his or her rights, ensure their holistic development, and enhance his or her opportunities for a useful and happy life.

In pursuit of this, the State create the focal agency to coordinate the implementation and enforcement of all laws relative to the promotion of child welfare so as to formulate and evaluate policies, programs, and services relative to the development of the general welfare and protection of the best interest of children.

The United Nations Committee on the Rights of the Child notes that the Council for the Welfare of Children (CWC) continues to be the focal inter-agency body for the children in the Philippines with the mandate to coordinate the implementation and enforcement of all laws, programs and measures for children.

Further, the United Nations Committee on the Rights of the Child welcomed the Philippines’ initiatives to address the lack of implementation at the local level through the establishment of the Local Councils for the Protection of Children (LCPCs) at the barangay, municipal, city and provincial levels as well as of the seventeen (17) Regional Committees/Sub-committees for the Welfare of Children (RC/SCWCs), linking the
national government with the local government units (LGUs). However, the committee expresses concern at the lack of human, financial and technical resource allocated to the CWC, LCPCs and RC/SCWCs, which may prevent the effective functioning of such mechanisms.
