EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 4746

Introduced by REP. JOHNNY T. PIMENTEL

EXEMPLARY NOTE

In the operations local government units, we see that the General Service Officer is crucial and indispensable. Section 490 of the Local Government Code provides for the qualifications, powers and duties of the General Services Officer. The Local Government Code further mandates the creation of such office for all cities and provinces.

However, the same code omits the creation of a mandatory office of the General Service Officer for municipalities. This omission gives several predicaments with respect to the operation of the municipalities especially as to the duties and responsibilities given to the GSO.

This Bill seeks to address the problem in endowing the uniformity of general services management of the local government units in the provincial, city and municipal levels. It also intends to hasten the delivery of services requiring general services expertise and technical support services. It also seeks to provide an improved system of procurement, care, utilization, custody and disposal of supplies or properties of the local government unit. It envisions further to minimize corrupt practices due to the check and balance between the office and that of the treasurer, and ensure internal control policy by delineating the role of treasurer as “paymaster” and general services officer as the “purchaser.” This is set to avoid the duplication of functions between the two offices.
