EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 4845

Introduced by HON. JOY MYRA S. TAMBU宁ING

EXPLANATORY NOTE

Labor contracting is an exploitative practice which dates back to the Spanish colonial era’s cabo system. A cabo is defined to be a person or group of persons or a labor group which, in the guise of a labor organization, supplies workers to an employer, with or without any monetary or other consideration whether in the capacity of an agent of the employer or as an ostensible independent contractor.

Through years, this practice has continued and has since evolved to various forms of labor contracting practices. Contractualization has been institutionalized across all economic sectors and at present, continues to proliferate in various forms of market-oriented and flexible hiring schemes. Philippine Statistics Authority claims that an estimate of 7 million Filipino workers are found to be in “employment conditions that fall under either the exploitative end of contract (ENDO) or labor-only contracting (LOC) arrangements”.

Although we recognize legitimate concerns and interests of business as to the need for flexible labor practices, it is important that we ensure that the rights of the workers are protected and that they don’t fall prey to exploitative schemes and arrangements.

Pursuant to the constitutional mandate to protect the rights and promote the welfare of laborers, this proposed measure seeks to amend the current legal framework that deals with unjust labor practices.

This proposed measure is based on House Bill No. 6908 which was a product of concerted efforts of representatives from the 17th Congress.

On behalf of the people of Parañaque City’s Second District, and for the common good of the Filipino people, the approval of the said measure is earnestly sought.

REP. JOY MYRA S. TAMBU宁ING
