EXPLANATORY NOTE

Micro-enterprises are considered as drivers of the Philippine economy. Statistics have shown the glaring impact of Micro, Small and Medium Enterprises (MSME) to our economy. According to the Philippine Statistics Authority, 99.56% or 920,677 of the total establishments in the country are MSMEs. Furthermore, MSMEs generated the biggest number of jobs in the country, and statistics show that MSMEs generated a total of 4,922,251 jobs in 2017 as compared to large enterprises that produced 909,938 jobs.¹

Even though millions of Filipinos are employed in MSMEs, MSMEs are still hampered by numerous challenges and setbacks such as lack of access in markets, technology and most importantly, to finance. These challenges have been a taxing obstacle in the strengthening and supporting of the MSMEs in our country. The lack of support for MSMEs have also been a restriction in developing Filipinos to become more business driven which puts the skill, talent and dreams of Filipinos to waste.

Republic Act (R.A.) No. 6977, otherwise known as “Magna Carta for Small Enterprises,” as amended, was enacted in order to strengthen, promote and foster the growth of small and medium enterprises in the country. In this regard, there is a need to further strengthen this Act by having more government officials and employees engaged in the promotion of Small and Medium enterprises in the country.

This bill seeks to expand the composition of the Micro, Small and Medium Enterprises Development (MSMED) Council and the Small Business Corporation, as well as broaden the functions of said institutions by amending R.A. No. 6977, as amended, in order to better serve the MSMEs.

In view of the foregoing, the approval of this bill is earnestly sought.
