EXPLANATORY NOTE

This bill seeks to create an accessible and affordable rehabilitation and social reintegration center in Metro Manila and in every province in the Philippines for people who fell into illegal drug abuse.

Illegal drug abuse and addiction among the Filipinos has been a problem that the current administration has been trying to resolve. Since the President's declaration of his commitment to eradicate illegal drugs from the country, many of these people have turned themselves in and availed themselves of rehabilitation programs.

However, many Filipinos, especially in less privileged areas of the country, still do not have access to affordable rehabilitation and social reintegration programs.

It is high time that we, the government, put mechanisms in place that will cater to our constituents who desire to make their lives better. We must not condemn our kababayans who merely fell into the trap of drug addiction. Instead, let us help them help themselves in their personal development and their eventual reintegration to society.

Due to the evident urgency of this matter, we are seeking the immediate passage of this measure.
