EXPLANATORY NOTE

The Lung Center of the Philippines was established through Presidential Decree No. 1823 on January 16, 1981 to provide the Filipino people state-of-art specialized care for lung and other chest diseases.

The Center was inaugurated on January 23, 1982 as a tertiary level hospital with the view of anticipated health problems of respiratory in nature on a national coverage as a coordinated effort of the Ministry of Health, other government agencies and the private sector committed to health.

For several decades respiratory diseases have been the priority concern, having been one of the leading causes of illness and death in the country. According to Philippines Statistics Authority’s data around 66 Filipinos die every minute or around 1,591 per day. Leading causes of death are Ischemic Heart Disease and Cancer among the top two followed by Pneumonia in the third spot.

Out of 582, 183 registered deaths in 2016, 74,134 cases or 12.7% of the total was due to Ischemic Heart Disease, Cancer logged 60,470 cases or 10.4 percent while Pneumonia logged 57,809 cases or 9.9 percent both for male and female.

Pneumonia is the infection of both lungs, it claims the lives of approximately 57,000 Filipinos every year.

This bill seeks to establish a Lung Center of the Philippines in Bohol for the Visayas and in Davao City for Mindanao, to bring quality and specialized medical services and research closer to lung related disease patients in the said regions.
In general, patients from these geographical areas will benefit from the establishment of these hospital facilities since they will not be burdened with additional expenses when they seek treatment at the Lung Center of the Philippines in Quezon City. The Lung Center’s services will be available to all Filipinos countrywide since it will be established in strategic locations across the country.

Hence, approval of the bill is earnestly sought.

ERIC ARISTOTLE C. AUMENTADO
Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

Eighteenth Congress
First Regular Session

House Bill No. 5311

Introduced by Rep. Erico Aristotle C. Aumentado

AN ACT
ESTABLISHING A LUNG CENTER OF THE PHILIPPINES IN BOHOL FOR THE VISAYAS AND IN DAVAO FOR MINDANAO, AMENDING SECTIONS 1 AND 4 OF PRESIDENTIAL DECREES 1823, ENTITLED: AN ACT CREATING THE LUNG CENTER OF THE PHILIPPINES, PROVIDING FUNDS THEREFOR.
