EXPLANATORY NOTE

In the recent years, the number of attacks against judges in the Philippines has been increasing. According to the Philippine Judges Association, five judges have been killed since 2017—totaling to 31 active judges killed since 1999. Of the 31 judges, 90 percent were regional trial court judges, and only 10 percent of the killings were solved.

To adequately protect the safety and independence of judges, this bill seeks to create the Philippine Marshal Service under the Supreme Court that would defend and secure justices, judges, court officials and personnel. Patterned after the United States Marshals Service, this bill provides that the officials and personnel of the Philippine Marshal Service shall possess suitable and adequate firearms for the proper safety and protection of the justices, judges, court officials and personnel.

Moreover, they will also be given the power to make arrests, searches and seizures, and to issue subpoenas for the appearance of any person for investigation. Under the proposed measure, it will also be the function of the Philippine Marshal Service to ensure that court trials and hearings proceed orderly, and to assist in the execution and implementation of court orders.

They shall also be responsible in conducting investigation concerning allegations of irregularities, including graft and corruption, committed by justices, judges, court officials and personnel.

To put an end to the act of violence and senseless killing of judges, the passage of this bill is earnestly sought.
