HOUSE BILL NO. 5594

Introduced by Hon. John Marvin "Yul Servo" C. Nieto

EXPLANATORY NOTE

Government employees are the backbone of the National and Local Government Agencies that are tasked to provide public service to people. Despite their contributions to the nation, there is still a big number of employees that are not duly recognized by the State or by the Civil Service Commission as eligible for government service even having rendered numerous successful years of work as a government employee.

This measure proposes that all current contractual, casual, and job order government employees who have rendered at least three years of continuous government service, or at least five years of non-continuous government service shall be granted Civil Service Eligibility that will qualify them for a regular appointment in their current position. It is the hope of this representation that this regularization will increase the overall morale and productivity of these employees, ultimately resulting in an improve public service delivery.

In view of the foregoing, the approval of this measure is earnestly sought.
