AN ACT
REQUIRING ALL NATIONAL, REGIONAL, AND PROVINCIAL GOVERNMENT HOSPITALS TO ESTABLISH, OPERATE AND MAINTAIN A DIALYSIS WARD OR UNIT IN THEIR RESPECTIVE HOSPITAL AND PROVIDING FREE DIALYSIS TREATMENT TO INDIGENT PATIENTS

EXPLANATORY NOTE

The rising number of kidney failure cases in the country is alarming. According to the National Kidney and Transplant Institute, one Filipino develops chronic renal failure every hour. More than 5,000 patients are presently undergoing dialysis and approximately 1.1 million people worldwide are on renal replacement therapy.

2016 data from the PhilHealth similarly indicate that 10% of the world's population are suffering from Chronic Kidney Disease. In the Philippines, majority of end-stage renal disease is secondary to complications of diabetes, hypertension and chronic glomerulonephritis. While most patients with end-stage renal failure need kidney transplant, renal replacement therapy with adequate dialysis helps replace sufficient kidney function for a patient to survive.

Patients suffering from kidney ailment who are living in provinces could not afford the expenses of traveling all the way to urban cities to seek dialysis treatment and the high cost of the procedure itself, which is needed on a regular and sustained basis. The optimum frequency of dialysis is three times a week, but because of its cost and inaccessibility, some patients settle with less, thus causing their health to deteriorate rapidly. Worse, some patients die without being given a chance to undergo dialysis because they could not afford it.

Pursuant to this measure, all national, regional, and provincial government hospitals are required to establish, operate and maintain a dialysis ward or unit that
will give free dialysis medical procedure to indigent patients. The aim of this bill is in consonance with the Constitutional mandate to make health services available to our countrymen at an affordable cost and improve the delivery of healthcare services to the Filipino people.

It is for the foregoing reasons that the swift passage of the bill is earnestly sought.
