The State recognizes the vital role of Physical Therapists and Occupational Therapists in nation-building hence Republic Act No. 5680 was enacted to supervise and regulate the said professions. For almost 50 years, RA 5680 has been the governing law with regard the two professions.

During the 17th Congress, Republic Act No. 11241 otherwise known as “The Philippine Occupational Therapy Law of 2018” formally recognized Occupational Therapy as an independent medical profession from Physical Therapy. With the enactment of RA 11241 and the developments, both locally and internationally, in the standards of practice of Physical Therapy and in the field of healthcare in general, there is a need to update and upgrade the regulatory framework of the Physical Therapy profession.

This proposed measure seeks to upgrade and update the Physical Therapy profession and align the professions regulatory framework with both the local and international standards of practice. By upgrading the regulatory framework for the practice of the Physical Therapy profession, we would be able to maintain high technical and ethical standards of our PT professionals and ensure that Filipino PT professionals are globally competitive and are able to provide quality rehabilitation service to more Filipinos.

In view of the foregoing, approval of this measure is earnestly sought.

HON. KRISTINE ALEXIE B. TUTOR
