Republic of the Philippines  
HOUSE OF REPRESENTATIVES  
Quezon City  

18th Congress  
First Regular Session  

HOUSE BILL NO. 5964  

Introduced by Rep. Erico Aristotle C. Aumentado  

EXPLANATORY NOTE  

A good background in science and technology education is very important during the formative years of our students, the nation is in dire need of scientists who will serve the Filipino people. To address these needs, we need a continuous development in the field of science and technology.  

This bill seeks to expand the establishment of Philippine Science High School (PSHS) campus in the different regions of the country.  

The establishment of a Philippine Science High School in the different regions of the country will be a catalyst in inspiring our youth to seek further knowledge and eventually pursue a career in the field of science and technology, research and other related fields which may be beneficial to the country in general.  

The various regions of the country deserve to have a Philippine Science High School campus of its own so that quality education in the field of science and technology can be provided, considering the pool of talent and deserving high school students that excel in the field of science and mathematics.  

The establishment of a Philippine Science High School in the regions will enable the students to be equipped with proper training and facilities that will eventually lead them to a science-oriented career and will provide free access to quality education while addressing the future of our youth as a whole for the benefit of the country.  

In view of these, passage of the bill is earnestly sought.
