Republic of the Philippines  
HOUSE OF REPRESENTATIVES  
Constitution Hills, Quezon City  

EIGHTEENTH CONGRESS  
First Regular Session  

House Bill No. 5973  

Introduced by REPRESENTATIVE ERIC L. OLIVAREZ  

EXPLANATORY NOTE  

Given the need for the improvement of the telecommunication services in the country, this Bill is intended to expand and strengthen the powers of the National Telecommunication Commission.  

The key provisions in this Act include but is not limited to: defining significant market power as the ability of a public telecommunications entity to affect price, supply or innovation in the telecommunications industry or any part thereof, as a result of either its control over essential facilities or the use of its position in any market in the telecommunications industry or any market related thereto; the mandate of the adoption of standardized definitions of the International Telecommunications Union, the Internet Engineering Task Force, the World Wide Web Consortium, and other international and transnational agencies governing the development, use, and standardization of the internet and information and communications technology.  

As a measure for the continuous need for the development and improvement of our telecommunication services, this passage of this Bill is earnestly sought.
