Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
First Regular Session

House Bill No. 6002

Introduced by CIBAC Party-List Representatives
Eduardo “Bro. Eddie” C. Villanueva and Domingo C. Rivera

AN ACT REQUIRING ALL GRADUATING ELEMENTARY,
HIGH SCHOOL AND COLLEGE STUDENTS TO PLANT
AT LEAST TEN (10) TREE SAPLINGS EACH
AS A PREREQUISITE FOR GRADUATION

EXPLANATORY NOTE

Article II, Section 16 of the 1987 Philippine Constitution provides that “the State
shall protect and advance the right of the people to a balanced and healthful ecology
in accord with the rhythm and harmony of nature.” While it is the government’s primary
duty to protect the environments within its territory to protect the welfare of its citizens,
the people has the responsibility to contribute towards the achievement of this goal.

Currently, according to the data provided by the Forest Management Bureau of
the Department of Environment and Natural Resources, the Philippines loses
approximately 47,000 hectares of forest cover every year.1 From the original forest
cover in the 1900s, the country is now down to less than 24 percent causing adverse
effects to the Philippine ecology such as worsening air pollution and climate change.

This bill seeks to aid the existing programs of the Philippines, such as the
National Greening Program and others, by requiring all graduating students in the
elementary, high school, and college levels to plant at least ten (10) saplings as pre-
requisite to graduation.

Natural Resources
Through the enactment of this bill, we can expect millions of trees every year, thereby achieving a greener environment and investing for a greener future while instilling environmental awareness and responsibility to the younger generation of Filipinos.
