AN ACT REQUIRING THE INCLUSION OF ANTI-CORRUPTION AND
GOVERNANCE EDUCATION IN HIGHER EDUCATION
CURRICULUM, APPROPRIATING FUNDS THEREFOR
AND FOR OTHER PURPOSES

EXPLANATORY NOTE

Corruption has been an affliction of the Philippine society for many years
bringing adverse effects to the people. Rampant corruption in various forms such as
bribery, embezzlement, backdoor deals, and others exist throughout the country
causing manipulative justice, flagging economy, grinding poverty among the people,
and people's mistrust to the government.

While many have tried to eradicate corruption by furthering the stringency of
laws on governance and intensifying punishment, no significant improvement has
been seen so far.

So, having been pervasively existing for many years without serious resolution,
the people have learned to get used to the environment of corruption which, in turn,
creates a society tolerant to the evils of the government—including the youth.

Thus, this bill seeks to mandate the inclusion of anti-corruption materials in
higher education curriculum to emphasize the important role of the students in the fight
against graft and corruption and in nation-building. By educating students on the evils of corruption, corruption in the government is minimized, if not eliminated.

In view of the foregoing, immediate passage of the bill is earnestly sought.
