EXPLANATORY NOTE

Perjury is committed by any person who, knowingly makes untruthful statements and not being included in the provisions of the crimes of false testimony, shall testify under oath, or make an affidavit, upon any material matter before a competent person authorized to administer an oath in cases in which the law so requires. Perjury in layman’s term is the act of lying under oath - either verbally in a proceeding or written, through an affidavit executed before a person authorized to administer an oath.

Perjury does not only damage the victim of the crime but also damage the administration of justice. The law of perjury was created not only because the man lies or somebody lies, but because he practically impugns the time of the tribunals. It damages the time and efforts of our people.

This bill seeks to increase the penalty of perjury and false testimonies for the deterrent of these crimes in the Philippines and to ensure that justice will be served.
