AN ACT PROVIDING FOR THE PROTECTION OF FINANCIAL CONSUMERS
AND FOR OTHER PURPOSES

Explanatory Note

Consumer confidence and trust in the financial system promotes stability, growth, efficiency, and innovation. However, with the rapid development of complex financial products coupled with the use of advanced technologies, consumer fraud, abuse and misconduct have increased. Time and again, we hear stories of consumers putting their life long savings in investment scams or suffering from or facing collection cases due to over indebtedness. These are just some of the travails experienced by financial consumers.

Thus, recognizing the role of regulators in ensuring that the rights of each and every consumer are protected, this bill provides, among others, financial regulators such as the Bangko Sentral ng Pilipinas, Insurance Commission and the Securities and Exchange Commission, rulemaking, surveillance and inspection, market monitoring, enforcement and adjudication powers relative to consumer protection.

In the international arena, the G20\(^1\), in February 2011, called on the Organization for Economic Cooperation and Development (OECD), the Financial Stability Board (FSB) and other relevant international organizations to develop common principles on consumer protection in the field of financial services. Foremost of these principles is that financial consumer protection should be an integral part of the legal, regulatory and supervisory framework.

---

\(^1\) The Group of Twenty, or G20, is the central forum for international cooperation on financial and economic issues. It is composed of the EU and 19 countries, namely Argentina, Australia, Brazil, Canada, China, France, Germany, India, Indonesia, Italy, Japan, Mexico, Russia, Saudi Arabia, South Africa, South Korea, turkey, the United Kingdom (UK) and the United States of America (USA).
It is in this light that this bill is being introduced in order to have in place a comprehensive financial consumer protection regime wherein financial inclusion, financial education, good governance and effective supervision all come to play given that consumer protection is a shared responsibility among the regulators, consumers and other stakeholders.

In view of the foregoing, immediate passage of this bill is earnestly sought.
