AN ACT
EXTENDING THE GRANT OF SOCIAL AMELIORATION PROGRAM DURING
THE IMPLEMENTATION OF THE GENERAL COMMUNITY QUARANTINE
AND APPROPRIATING FUNDS THEREOF

EXPLANATORY NOTE

This Bill seeks to continue the grant of Social Amelioration Program (SAP) the Department of
Social Welfare and Development (DSWD), the Department of Labor and Employment (DOLE)
and the Department of Agriculture (DA) to provide relief to the individuals and families in areas
all over the country affected by the continued implementation of the general community
quarantine (GCQ).

Presently, there is a global effort to prevent the spread of the infection of Coronavirus Disease 2019
(COVID-19) wherein some countries adopted stringent measures such as community quarantines
and lockdowns.

In the Philippines, it was only on March 16, 2020 when President Rodrigo Roa Duterte declared
a state of calamity due to COVID-19. Considering the unpreparedness of the country’s health
sector due to numerous budget cuts throughout the past and present administrations, the late
declaration of a health emergency, despite the on-going health crisis in the other parts of the world,
further put the Filipinos at even bigger risk. Worse, with millions of Filipinos living below the
family living wage, millions, too, were left with no savings and no source of income when the
different levels of community quarantine were implemented.

The Luzon-wide quarantine was initially set to end on April 30, 2020, but it was further extended
through Executive Order No. 112, series of 2020 until May 15, 2020, in the form of an enhanced
community quarantine (ECQ) and general community quarantine (GCQ).

Based on the recommendations of the Inter-Agency Task Force for the Management of Emerging
Infectious Disease (IATF-MEID), the following high-risk geographic areas in the Philippines will
be under an ECQ:
a. National Capital Region;
b. Region III (Central Luzon), except Aurora Province;
c. Region IV-A (CALABARZON)
d. Benguet Province;
e. Pangasinan Province;
f. Iloilo Province;
g. Cebu Province;
h. Bacolod City; and
i. Davao City.

Meanwhile, other parts of the Philippines not under an ECQ will be put under a GCQ.

The Omnibus Guidelines on the Implementation of Community Quarantine laid down protocols to be observed under the community quarantine such as compliance to minimum health standards set by the Department of Health (DOH), strict home quarantine for any person aged below 21 years old, and 60 years old and above, and skeletal work force on establishments allowed to operate. According to the guidelines, the following establishments are not allowed to operate under the GCQ implementation:

a. Amusement, gaming and fitness establishments
b. Category IV industries as defined by the Department of Trade and Industry
c. Hotels or similar establishment not allowed to operate
d. Schools conducting physical classes

During the enhanced community quarantine, the Philippine government rolled out the SAP, which comprises of the Assistance to Individuals in Crisis Situations (AICS) and Expanded and Enhanced Pantawid Pamilyang Pilipino Program (4Ps) of the DSWD, Tulong Panghanapbuhay sa Ating Displaced/Disadvantaged Workers Program (TUPAD) Barangay Ko, Bahay Ko (TUPAD #BKBK) Disinfecting/Sanitation Project and COVID-19 Adjustment Measures Program (CAMP) of the DOLE, and Rice Farmers Financial Assistance of the DA. The program provides economic assistance worth P5,000 - P8,000 to qualified beneficiaries, estimated to cover 18 Million households, whose livelihood were affected and have no means of income during the community quarantine.

However, even after the ECQ, the social and economic reality remains true to Filipinos especially to the employees of the establishments and industries that are not allowed to operate under the GCQ. For this reason, it is necessary to continue the implementation of SAP to the affected individuals and families.

Thus, immediate approval of this Bill is earnestly sought.

Approved,
